

MENTAL HEALTH NEEDS COMMUNITY SURVEY

Four County Mental Health Center is conducting a community needs assessment to help identify strategies to more effectively serve the region (Kansas Counties of Chautauqua, Cowley, Elk, Montgomery, and Wilson).

We want to hear from as many community members and stakeholders in our 5-county service area as possible. Please share your perspective on what programs and services are needed in your local community. All comments will be held in confidence.

This information will be used for future planning and program development over the next three years.

Use the QR code to access the survey or go to:
